WHOLESALE ONLY

SEMMES, ALABAMA

AUG 2 - 1955  
U. S. Department of Agriculture

We have a very complete line of container grown stock to offer for Summer and Fall shipments. They can be moved early and will give you a much longer selling season. Our stock has been sheared many times and kept well fed and watered. We invite you to inspect our stock and compare with others. We know we can please you.

We have worked out a wonderful soil mixture which is very light. Transportation cost is not nearly so much on our stock. Our prices are very reasonable especially when you consider the quality of our stock.
